I had an amazing time with my teacher Irene Lei and my classmate. Despite my erratic work schedule they tried their best to always accommodate me :) I started my class around 6 months ago barely HSK level 2. The words I learned in my module was super useful when I did a backpacking trip around the GBA provinces of mainland China last Christmas. Now that the module has come to an end my classmate has been able to pass HSK 3 while I am confident in taking mine next month.

Loved the school! Passed the HSK3 with their help and absolutely adored the teacher I had. **Thank you and I'm so grateful to Irene** ❤️

Following private class at Mandarin Time since the start of 2024 and I am very impressed with the course material and the guidance of my teachers Irene and Jenna. Would highly recommend Mandarin Time for studying Chinese!
