I took private lessons for HSK level 4, and it was a great learning experience. Through the private lessons, I can choose a convenient time that fits my schedule. I can also schedule the lessons at school or online as needed. **Cindy is a great teacher with lots of teaching experience and qualifications.** Through the lessons, I have learned not only HSK contents, but also a lot of practical Mandarin knowledge. Day by day, I get more familiar in conversations and writings in Mandarin. This makes me more confident with my language skills. Thank you very much!

I've been going to MT since Feb 2023. It's been a great experience so far.

They have a very well structured curriculum, an extensive online platform of video learning and a Central location for classroom coaching.

I love my personal coaching sessions with teacher Cindy. Looking forward for my HSK Level 2 in July. Would highly recommend this school!
