Being a conversationally fluent mandarin speaker, but lacking proficiency in reading and business mandarin, I needed a very customized learning plan to help me reach my goals. **I was paired up with Sarah who has done a superb job of catering to my unique circumstance.**

Sarah is a professional teacher who comes prepared to every class with hand-picked articles for us to work through. She is super patient when explaining new vocabulary and has even helped me practice for work presentations. My mandarin vocabulary and fluency has definitely improved over the last few months since I've started with Sarah.

She is also very flexible with schedule changes, which I appreciate. For those who are looking to learn mandarin, no matter your level, I highly recommend Sarah as a teacher!

Just finished the Level 1 conversational class with our teacher Sarah. The online learning material consists of videos and exercises, and was easy to follow. The lessons were a great way to reinforce the online learning, and the small class size meant there was plenty of time to practice and ask questions. Would definitely recommend.
