I've been attending group classes and doing private tutoring at Mandarin Time since summer 2021. Since then, my Chinese level has improved greatly. Mandarin Time offers an enjoyable, friendly learning environment, and with fair rates. **I have to especially mention the time I have been doing my private tutoring with Yvonne.**

Since I started learning with her, my Chinese has improved at a very rapid, and satisfying rate. I have in a short period met my goals of passing HSK 4 and now am at a level of speaking, reading, listening and writing Chinese that has surpassed my expectations. I have tried various Chinese language schools in Hong Kong and have over the years had many different Chinese teachers. Mandarin Time is the best school for Chinese study in Hong Kong and Yvonne is the best Chinese teacher I've ever had.
